College Education

- 1980** **BA Music Ed, BS Music Performance /
Central Michigan University**

Performer Experience

- 1975 – Present** **Professional Musician-Entertainer**
I have produced and performed in countless bands, ensembles and show acts over these many years. I still perform regularly and also assist many other acts and ensembles on a consulting basis. I believe that this keeps me "sharp" and "engaged" with current performance standards and trends, and adds to my credibility and real-time ability as an event entertainment producer and talent agent. I am happy to provide examples of my musical and performance abilities, as well as places where I can be seen "live".
